

**EFFECTS OF THE UTAH STATEWIDE
“PUBLIC HEALTH ORDER” ON DABC LICENSEES**

Licensees **PLEASE** check with your county public health order, as it may be more restrictive

TO ALL LICENSEES WHOSE OPERATIONS HAVE BEEN CLOSED DUE TO EMERGENCY GOVERNMENT ORDER:

DABC fully understands that this emergency closure is beyond your control. Our goal is to help you remain within the law. We want you to keep your license, so please read the following carefully.

Total Closure:

1. If you plan to close completely and not remain open for takeout or curbside business, please contact your DABC Compliance Officer now and remain in contact with them so that they may help you remain in compliance.
2. If you intend to remain closed for any period of time **after** the emergency health department orders are lifted, you must contact DABC so that we may help you navigate future action. If necessary, your compliance officer may grant an additional 60-day closure, if requested.
3. Any closures past 90 days (after the emergency closure is lifted) require DABC Commission approval.

Continued/Limited Operation: You do **not** need to notify your compliance officer if you intend to remain open pursuant to the conditions of recently issued health department orders.

PLEASE SEE BELOW IF YOU PLAN TO REMAIN OPEN FOR CURBSIDE OR WALK-IN TAKEOUT BUSINESS.

Please note: You may only continue to serve alcohol as governed by the laws for your particular type of license. The following advice is meant as a guide, but does not constitute legal advice.

No licensees may offer curbside alcohol sales or service. **No retail licensees** may deliver alcohol or give to a third party (e.g. Uber Eats, Grub Hub, etc.) for delivery. Alcohol not in use must be stored pursuant to statutory requirements.

I. RESTAURANTS - Beer only, Limited, and Full:

- a. May only sell food that is packaged to go. Depending on your county, some may only sell curbside.
- b. Since only those who are eating on the restaurant premises may order alcohol, there are NO alcohol sales allowed. NO ALCOHOL may be sold to go.
- c. If the restaurant stays open for take-out food, they will still be considered by DABC as OPEN and they will not have to request a closure.

II. Bars and Taverns:

- a. May only sell food that is packaged to go, depending on their county's health order.
- b. If allowed to offer food sales to go, they may also sell sealed containers of regular beer (5% or less alcohol by volume).
- c. No liquor, wine, heavy beer, or FMBs may ever be sold to go.
- d. All beer must be purchased at the regular listed menu prices and not discounted in any way.
- e. If the bar or tavern stays open for take-out, they will still be considered by DABC as OPEN and they will not have to request a closure.

III. Beer Recreational Licensees:

- a. May only sell food that is packaged to go.
- b. May remain open and operate only according the provisions of the respective health order
- c. May sell sealed containers of regular beer to go.
- d. All beer must be purchased at the regular listed menu prices and not discounted in any way.
- e. Beer recreational licensees are not required to request a closure

IV. Banquets:

- a. Alcohol and food may only be served as room service.
- b. Please check the health department orders for specific details.

V. Reception Centers: Need to remain closed during the time-period specified in the health department order.

VI. Hotels and Resorts

- a. Sublicenses will be under the same restrictions as listed above.
- b. Be sure to check your local county health order, as it may be more restrictive than the statewide order.
