32B-5-203 Commission and department duties before issuing a retail license.

...Before issuing a retail license, the commission shall consider operational factors such as considering the person’s ability to manage and operate a retail license and consider any other factor the commission considers necessary.

The Commission and department are required, before issuing a retail license, to conduct an investigation as to whether a retail license should be issued. The Commission has determined that one of the factors that will affect their decision to grant a license is whether or not an applicant has had a violation history. Commission policy states:

- Any applicant which has had a violation history will NOT be considered for a new license for THREE MONTHS after the final commission order for any serious or grave violations.
- All applicants with a violation of serious or grave in the last four months to a year will be required to appear before the commission to address whether a new license should be granted.
- The commission will consider the number of violations and all mitigating and aggravating factors in determining when, if at all, to grant a license.
- For the purpose of this policy, violation history applies to all licenses where there is common ownership of 20% or more.
- DABC staff has been instructed to inform applicants with a pending violation or a violation history in the last three months to apply after the prescribed periods.

Please check with DABC to determine if or when a violation was adjudicated
