

## **Electronic Age Verification by Dining & Social Club Licensees (ID Scanners)**

- Social clubs must electronically verify the identification of anyone who appears 35 years of age or younger *to enter the club*.
- Dining clubs are required to electronically verify the identification of anyone who appears 35 years of age or younger *to purchase an alcoholic beverage*.
- ID scanners are not required for equity clubs and fraternal clubs.
- The ID scanner requirement applies to all dining and social clubs whether or not the dining or social club chooses to restrict access by way of a membership or an access restriction that is imposed by the club.
- Social Clubs and Dining Clubs must be able to read, print, or download the data in the ID scanners. Club owners/managers should have the knowledge and capability to produce the data upon request of a peace officer or authorized representative of the DABC.
- Identification which cannot be scanned i.e passports, military identification cards, or id cards with bar code damage must be manually reviewed and a daily log maintained with the:
  - date the identification is presented,
  - individuals name,
  - date of birth,
  - type of identification (such as driver license, passport, state ID card),
  - ID's expiration date and
  - ID number issued by the issuing authority.

A daily log must be maintained for 7 days and then must be destroyed.

- The DABC does not provide a list of approved scanners. ID scanners (electronic age verification devices) are available from multiple manufacturers and vendors. An ID scanner selected by a social or dining club licensee must meet the requirements of rule R81-5-18 which may be viewed at <http://www.rules.utah.gov/publicat/code/r081/r081-05.htm#T16>
