(Issued Before 2009)
TIMELINE SUMMARY**

EFFECTIVE MAY 9, 2017

- Restaurants may sell alcohol as early as 10:30 am on weekends and holidays.

- The renewal fee for a FULL SERVICE restaurant is \$1650.
- Percentage of gross receipts for sale of food or wine excludes bottles of wine over \$175 and glasses of wine over \$30.

EFFECTIVE JULY 1, 2018

- A minor may not be seated within 10 feet of the grandfathered bar structure unless there is no other seating available and they are accompanied by someone 21 years or older.

EFFECTIVE JULY 1, 2022

- Restaurants with grandfathered bars must officially define the **dispensing area** by:
 - Either keeping the 10 foot buffer zone (but minors can no longer be seated in that area); **or**
 - By constructing a permanent physical structure (pony wall or railing) around the bar. The structure must measure at least 42 inches high and be at least five feet away from the bar.
- Electronic age verification (scanner) must be used for individuals who appear 35 years or younger who order an alcoholic product in a **dispensing area** in a restaurant.
- A minor may not sit, remain, or consume food or beverages in a dispensing area of a restaurant. Except:
 - A minor may momentarily pass through a dispensing area while en route to an area of the restaurant in which the minor is permitted to be, but only **if there is no alternative route available.**
 - A minor employee **may** perform maintenance and cleaning **when the business is not open** AND a minor employee **may** ring up the sale of an alcoholic product at the dispensing area.
- In ADDITION to confirming the patron's intention to order food, a restaurant licensee may not sell/serve an alcoholic product until the patron is either:
 - Seated at the location where they plan to consume food; or,
 - Seated in the dispensing area waiting for a table in the dining area.
 - Alcohol beverages are limited to ONE (single portion) drink and any unfinished portion must be transported from the dispensing area to the dining area by a trained server.
