MANAGER TRAINING CLASSES
Now required, Effective January 2018

EVERY MANAGER working in a DABC retail licensed business must complete a Manager Training Program as a condition of renewing their DABC license.

An on-premise "manager" includes owners and employees who manage operations of a DABC licensed premises or supervises over the furnishing of an alcoholic product.

- Currently, off-premise manager training is now required for all managers who manage operations at retail stores. New applicants must take training prior to or during the month the DABC Commission will grant them a license. New manager being hired have 30 days to complete the training.
- ALL NEW DABC APPLICANTS are required to obtain management training, and all managers must be trained as a condition of receiving a DABC license. The last date to complete the training for new applicants is prior to obtaining licensing.
- Any new managers being added to on premise license types must complete the manager training program and have their background check completed within 30 days of hire as a manager.
